Subject: Waiting Response From PTO on Renewed Petition under 37 CFR 1.137(a) for Patent Application 09/655792

To: Commissioner of Patents

We are anxiously awaiting a response to our renewed patent petition request that was mailed to the *Commissioner of Patents* more than four months ago on our patent application that was originally filed on August 31, 2000. If there is anything we can do to speed the completion of this patent, please let us know.

As your office is aware, we previously petitioned the USPTO to revive our patent under either 37 CFR 1.137 (a) or 37 CFR 1.137 (b) on August 7, 2002. In the renewed petition mailed on November 15, 2002, we provided conclusive evidence that our delay was unavoidable and pointed out specific errors made by the USPTO in assessing our timing.

We trust finally that our efforts will not have been wasted and our patent will finally be granted.

Sincerely,

Bernard H. Browne, Jr. - Inventor
